PERSONAL PROJECTS

My Portfolio (2020 - Present)
- A Website about my portfolio. Open Code

Snake Game
- A snake game in which, in a box we have to catch food for snake. We can move snake to catch food at random positions. This project is made using HTML5, CSS3 and Javascript. Open Code

Pop-up
- A screen pop-up made using vanilla-javascript which can be used as a alert or message to show. Open Code

Light-dark-themeSwapper
- A theme swapper in which on pressing a button/image we can change the theme of our web page. This project is made using HTML5, CSS3 and javascript. Open Code

Rock-Paper-Scissor Game
- Rock paper scissors is a hand game usually played between two people, in which each player simultaneously forms one of three shapes with an outstretched hand. These shapes are "rock", "paper", and "scissors". I have made this to play it online using HTML5, CSS3 and javascript. Open Code

Weather App
- A web app from which you can see the current weather condition of any place in the world and also it automatically shows your weather conditions using sensors. This project is made using API, HTML5, CSS3 and javascript. Open Code
